

Declaration on sauna entrance

By signing this declaration, I apply for the option to be allowed to use the sauna alone, without the presence of another person. All the other rules nevertheless stay in effect for me and I am familiar with them.

I realize that sauna is a place where health problems can occur more likely and that I can get there into a situation where I will not be able to summon assistance for myself. By deciding to visit the sauna alone, I expose myself to the risk that there will be nobody nearby that could help me in that case.

I am fully aware of the fact that if this kind of accident actually happened, I could not make any claims for a compensation against both the sauna operator and premises owner, since the accident would be caused by my self-imposed decision to take this risk and the responsibility would be therefore fully on my side.

I have read and fully understood the text of this declaration and I agree with all of the statements. As proof of that, I sign this declaration below.
